

ALISON HARDWICK

WEB DESIGN & DEVELOPMENT

EDUCATION

BACHELOR OF SCIENCE IN WEB DESIGN & INTERACTIVE MEDIA

Art Institute of Portland, Portland OR
Graduated Dec 19th, 2014

PROFESSIONAL

BLUE RIDGE NETWORKS - WEB DESIGN & MARKETING INTERN

Jul 2013 - Jan 2014

I was responsible for technical site updates, formatting and uploading new content, installing and integrating new modules and planning new site features under the supervision of the company's CMO. With no employees familiar with the company's CMS (Expression Engine) I had to figure out many of its functions myself.

FREELANCE

STORMCROWN (2014)

<http://stormcrown.com>

I created an extensive HTML5/CSS3 responsive forum skin for the client, adding additional PHP functionality to the site's CMS/Forum Platform as needed by the project. (myBB 1.6) As no examples of a responsive myBB skin could be found, I had to teach myself the CMS extensively to understand their origin and fix them.

EVENSTAR LIPIZZANS (2014)

<http://demo.alisonhardwick.com/evenstar/>

I created both the original website and the 2014 redesign. I coded and designed the new site in HTML5/CSS3 to be fully responsive, and also designed several marketing materials to accompany the site (business cards, pamphlets).

MAGGIE TANNER (2014)

<http://maggie-tanner.com/index.html>

A small gallery showcase for a recent art graduate, I fully coded the site in HTML5 and CS3 to be responsive and to conform to the client's specified branding and design style.

LOVERS DROWN (2013)

<http://loversdrown.com/>

I created and coded an extensive forum skin for myBB 1.6 in HTML5/CSS3 for my client, as well as designing their brand identity and site iconography.

VOLUNTEER

NORTH PORTLAND NEIGHBORHOOD SERVICES (2012)

<http://npnscommunity.com>

A team project; I oversaw the project for my team, handled client communications and education, and formatted and polished the site's content. The project was made in Wordpress, with PHP coding by Shaun Cummings and design & front end CSS by Ryan Lietz.

SKILLS
